## Academic Planning

1 Review	2 Search	3 Discuss	4 Final Approval
Review your remaining UCLA degree requirements (GE, pre-major, major, minor, foreign language, & upper division units).	Search UCEAP courses - identify courses you think would satisfy UCLA degree requirements. Complete the Academic Planning Form.	Discuss the APF with your UCLA academic advisor(s). Seek feedback or pre-approvals on the likelihood of the courses fulfilling your UCLA degree requirements.	Return to your academic advisors (if needed) to apply UCEAP course credit toward your degree requirements.

## TERMS ABROAD

Study abroad is possible as early as summer after your first year, as late as summer after your last year, and anywhere in between. There is no strongly recommended time to study abroad for French & Linguistics majors, but Junior and Senior year are good terms to do so if you are interested in taking upper-division coursework abroad. Start planning now to determine which term is best for you!

Tips:

- Form your 4-year UCLA academic plan early to map your “least flexible” degree requirements to take at UCLA & your “most flexible” requirements to take on UCEAP. Consider if any classes are only offered in specific terms at UCLA.
- If you wish to take GE and pre-major coursework abroad, studying abroad early in your academic plan makes sense. Alternatively, you could plan to “reserve” some GE courses for study abroad later on.
- If you wish to take major coursework abroad, studying abroad during your 3<sup>rd</sup> or 4<sup>th</sup> year often makes sense. Keep in mind that - unless you plan well - your remaining degree requirements may become less flexible later on.
