## TERMS ABROAD

Study abroad is possible as early as summer after your first year and, as late as summer after your last year, and anywhere in between. Start planning now to determine which term is best for you! Tips:

- Form your 4-year UCLA academic plan early to map your “least flexible” degree requirements to take at UCLA & your “most flexible” requirements to take on UCEAP. Consider if any classes are only offered in specific terms at UCLA.
- If you wish to take GE and pre-major coursework abroad, studying abroad early in your academic plan makes sense. Alternatively, you could plan to “reserve” some GE courses for study abroad later on.
- If you wish to take major coursework abroad, study abroad during your 2<sup>nd</sup>, 3<sup>rd</sup> or 4<sup>th</sup> year makes sense. Keep in mind that - unless you plan well - your remaining degree requirements may become less flexible later on.
