

# Study Abroad for Psychobiology Majors

## LOCATIONS

Students can find major-related courses in dozens of locations around the world. Here are a sample few from our UCEAP programs:

- Yonsei University (Korea)
- Trinity College Dublin (Ireland)
- Univ. of Hong Kong (Hong Kong)
- Lund University (Sweden)
- Complutense Univ. of Madrid (Spain) - in Spanish
- Summer Physics (UK and Ireland)

## ACADEMIC PLANNING

### REVIEW

Review your remaining UCLA degree requirements (GE, pre-major, major, minor, foreign language, & upper division units).

### SEARCH

Search UCEAP courses and identify options you think are comparable to your UCLA degree requirements.

### DISCUSS

Complete the Academic Planning Form (APF). Discuss it with your UCLA academic advisor(s). Seek feedback on likelihood of UCEAP courses fulfilling degree requirements.

### PETITION

Petition with your academic advisors (if needed) to apply UCEAP course credit toward your degree requirements.

## BEFORE GOING ABROAD

## AFTER RETURNING

## PSYCHOBIOLOGY ABROAD

### GUIDELINES FOR UCEAP COURSES

**UCEAP courses may be applied toward...**

#### • Major Preparation Courses

UCEAP's summer physics programs in the UK and Ireland are popular options to complete the physics series in one summer. No pre-approval required.

#### • Major Core or Elective Courses

Students interested in satisfying a specific UCLA Psychology course (e.g., Comparative Psychology) must petition this to the UCLA Psychology Department by presenting the most recent syllabus or detailed course description for pre-approval. Courses from other departments (e.g. MCDB, CHEM, etc.) must be petitioned with that respective department.

### OTHER NOTES

• Students are not restricted to taking courses in their major abroad. You may also consider courses abroad to satisfy GE, minor, foreign language, and upper division requirements.

## TERMS ABROAD

Study abroad is possible as early as summer after your first year, as late as summer after your last year, and anywhere in between. On the other hand, the UCLA Psychology Department recommends studying abroad in the summer after your 1st or 2nd year if completing the physics series abroad, or in your fourth year if interested in taking upper division coursework.

Start planning now to determine which term is best for you!
